Re: Post Office Box 1993; Dahlonega

Dr. Sneed,

As I told you in our conversation today, the Dahlonega Post Office moved into the present building at 72 Alicia Lane on Memorial Day weekend 2000.

In the old building at 19 Choice Avenue space was limited and we had only 1,028 post office boxes. **Post office box 1993 did not exist at the old facility.** The new building at 72 Alicia Lane is much larger and we were able to increase the number of post office boxes to 2,256. One of the new boxes added was assigned the number 1993 which was first rented May 30, 2000.

Sincerely,
